Compact with Virginia's Veterans

- The Virginia Department of Veterans Services will unify the state's efforts in veterans services
- With a highly trained and professional workforce, we will serve as a primary port of entry to federal, state and community resources, connecting veterans and their families to earned benefits
- We will optimize technology advances to enrich services and increase outreach
- We will advocate for veteran quality of life enhancements and prioritize accessibility of services for transitioning service members, veterans, and their families throughout the Commonwealth

Strategic Priorities

- Make Virginia the most veteran friendly state in the Nation
- Serve as a primary port of entry
- Invest in the VDVS Team

- <u>Suicide Prevention</u> through focused stakeholder coordination and programs
- <u>Technological improvements</u> (e.g. web applications and external interfaces with veterans and clients) that support service delivery
- <u>Capacity to meet increasing numbers</u> of veterans and families who require agency's current services
- <u>Agency infrastructure</u> Strengthen the backbone of direct services delivery
 - Internal programs and positions
 - Improvements to VDVS information technology networks
- <u>Communicate</u> to veterans, and their families, and the public through outreach, marketing, social media, videography

- Suicide Prevention
 - Better coordination with stakeholders to identify SMVF at risk and improve outcomes
 - Connect veterans to supportive services and financial resources
 - Provide readily available assistance for new clients
- Technological Improvements
 - Case management for holistic connection to services

- Capacity to meet increasing numbers
 - Improve veterans' and their families' access to services through entry points into VDVS
 - Enhance ability to connect SMVF to employment and other support services during transition
 - Enhance housing coordination services
 - Recruitment / retention of VDVS staff
- Agency Infrastructure
 - Strengthen capability and capacity to improve support of VDVS staff and their services delivery
 - VDVS IT networks and applications designed to meet VITA standards

- Communicate
 - Communicate to veterans, their families, and the public through marketing, social media, videography
 - Improve awareness of VDVS as a primary Port of Entry to services
 - Service line enhancements
 - New Care Centers: Jones & Cabacoy and Puller Veterans Care Centers
 - Military Spouse Liaison
 - Women Veterans
 - Response to increased media inquiries
